P. G. Paving Plans Due To Encounter Stiff Opposition

(From the July 9, 1928 edition of the Herald)

Plans of the Pacific Grove city council for paving Eardley street between Lighthouse and Gibson, and Gibson between Eardley and Fountain are in for some hard sledding. At the last meeting of the council a resolution was passed rescinding previous action calling for sidewalk construction on the two streets while a new resolution of intention was adopted referring solely to concrete paving.

Latest developments in the contest between the council and a number of property owners on Eardley and Gibson came this morning with the announcement of F. L. Oliver (242 Locust), an opposition leader, to the effect that petitions protesting the paving on the two streets are now signed by a majority of property owners whose holdings aggregate more than 50% of the frontage on the two thoroughfares. The signatures are now under lock and key to be brought to the attention of the council at the proper time, Oliver states.

Under terms of the city charter the administration is bound to accept the wishes of a majority concerned in any paving project in the corporate limits.

Oliver mentioned in particular the matter of sidewalks, stating that the council had no right to include them in its original resolution of intention.

Secondly, he takes the position that construction of sidewalks should always be given to local contractors. But to return to paving "We're going to put a stop to it." says Oliver. And that's that.

That the council intends to proceed with its plan for the work was made clear today by J. O. Wanzer, Grove city manager. The administration takes the position that the paving was originally requested by a majority of property owners, and that the paving will be made possible accordingly. If the property owners finally reject paving, the council will accept their wishes. As Wanzer points out, the council is merely laying its plans as it was originally requested, placing final decision in the hands of those citizens immediately affected. The date for hearing protests has been set by the council for its first meeting in August, on the second. In the matter of sidewalks on a different street, Dr. D. J. Williams stated today that he does not oppose sidewalk construction on Forest avenue at the high school, as a number of people thought who heard him speak at the last meeting of the council. Dr. Williams states that he wants contracts for sidewalk construction to go to local workmen. He states that a sidewalk already exists at the high school and that it will be finished in concrete as soon as possible.

Beach Dance Hall Complaint

On November 2, 1925, police officer William Ryan appeared before Judge Fitzsimmons of the Recorder's Court of Pacific Grove and swore out a criminal complaint against Cherry Vosmer of Pacific Grove.

The complaint alleged that Mr. Vosmer "did willfully and unlawfully open that certain public dance hall known as Pacific Grove Beach Dance Hall in the city of Pacific Grove to the public between the hours of midnight on the 31st day of October 1925 and the hours of eight A.M. of the following day to wit November 1st 1925 and did fail to close said dance hall at said time between said hours and did fail to clear said dance hall of guests and patrons at said time between said hours and in violation of Ordinance No. 190 of said city of Pacific Grove passed by the Board of Trustees of said city on the 20th day of December A.D. 1920."

Judge Fitzsimmons issued a Warrant of Arrest accusing Mr. Vosmer of the misdemeanor offense and directed Officer Ryan to bring Mr. Vosmer into court on November 3.

The dirt alley in the center is now paved and still there. Barely visible in the background is the spire from the old Methodist Church.

The "Page Cottage" at 104 Fountain was built in early 1886 for Mrs. J. Page, a charter member of St. Mary's Guild. This photo was taken soon after completion of the house. The house is now the Seven Gables Bed & Breakfast Inn owned by the Flatley family.

The Freemans lived there until 1920, when it became the home of Mrs. Laura Hicks. The home has been used in recent years as a professional office.
