Life Begins at Pacific Grove

"What causes the rejuvenating effect of the air at Pacific Grove no one knows. It may be the ocean or the tang of pines or the intoxicating beauty of the Monterey Peninsula. New residents notice the difference almost immediately. The air is rich with youthfulness and vigor. Pacific Grove is never uncomfortably warm in the summer and never too cold in the winter."

The above paragraph is from a brochure published in the mid 1930s by the Del Monte Properties Company. It was simply called "Pacific Grove" and its purpose seemed to be the selling of lots in the newly subdivided Fairway Homes Tract. The map in the centerfold is from this brochure. The brochure described the tract as follows: "Running along and fronting on the fairways of the golf course is situated the Fairway Homes Tract. Many of the lots have magnificent green fairways as their front lawns, and across the fairways they look down on the blue Pacific. Many of the lots are covered with spacious oaks and tall pines."

If you were still interested, they went on as follows: "The lots in the Fairway Homes Tract are of generous depth and range from sixty to eighty feet in width. The prices range from \$750 to \$1200. The purchase price can be paid on the most liberal terms if it is desired. On the other hand, if your ideas are not too pretentious, you can pay the purchase price in cash and borrow enough money from the government to construct your home on terms which provide for repayment at a low rate of interest over a period of many years."

This brochure was the inspiration for the "swimsuit" issue as the cover photo, as well as the photos on pages 4 and 5, come from the brochure.

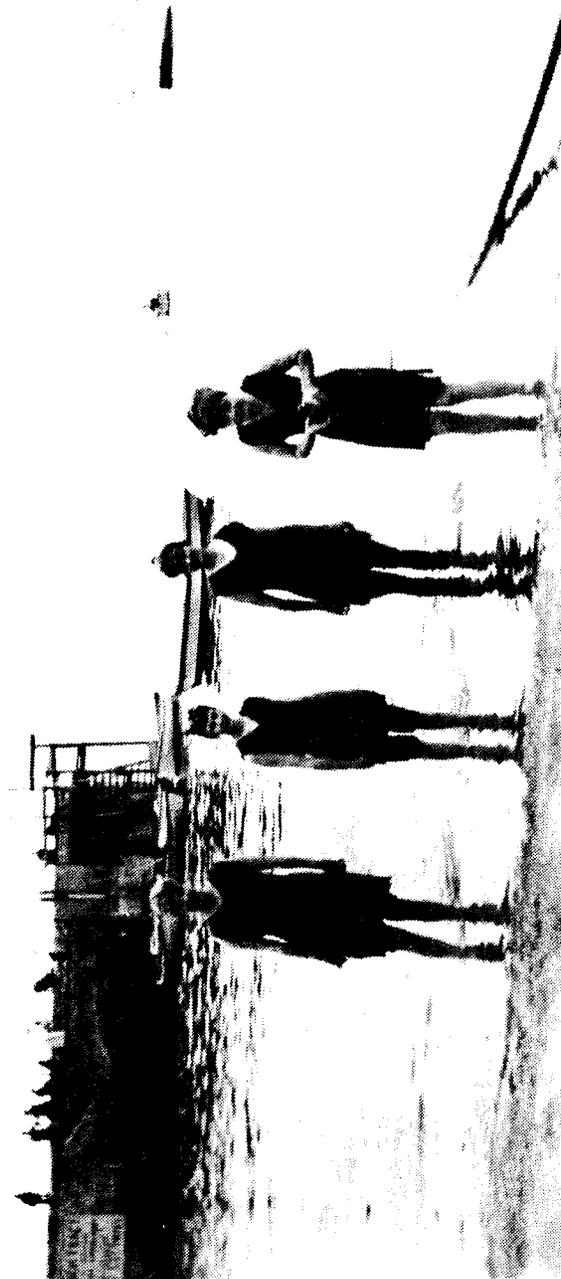

So Many People To Thank

The Victorian Home Tour / Quilt Show / Good Old Days weekend, along with its perfect weather, is now behind us for another year. Of course, none of it would have been possible without the help of our many volunteers, laboring while giving up a portion of their weekend and missing out on some of the festivities. Often we miss telling someone how important their work was to us, but we never take it for granted. We Appreciate Your Help!

I know I will probably miss someone now, but I will try to pass on some special thanks. Marilyn wanted me to thank everyone who brought in goodies for the Quilt Show Preview Party. As usual it was a visual and gastronomic treat. Bobbie wants to thank those who helped with the hanging and guarding of the quilts. Some more newcomers helped this year. Lynne and Kathie want to thank the homeowners for sharing their homes with us on the tour. Also thanks to the many hosts and hostesses participating this year.

Houses Still Not Found

The two (actually 2 1/2) houses in the centerfold of the last issue have still not been located. Hugh Wilson wrote and thought they were in the 300 block of Park, but although there are similarities, they are not the ones we are looking for. It's possible none of them are still standing, but more likely at least one is still around. Perhaps the next time you go for a walk around town, take the newsletter and look for just one of the houses. Thanks.
